1. Pre-registration is encouraged, but not mandatory. To pre-register, enter online at www.claycountyfair.com by **August 21 NEW 2023!!** or complete appropriate forms. Forms are available at the Clay County Fair Administrative Offices. Mail, email or bring your completed entry form to: Clay County Fair, PO Box 527, 800 West 18th Street, Spencer, Iowa 51301, or email: competition@claycountyfair.com. No entry fee is required. Entries are open to anyone from any county or state. Use a separate entry form for each department in which you are entering at the Fair.
2. Entries will be received **Tuesday, September 5** from 8:00am to 5:30pm at the east door of the Creative Living Center.
3. Judging will begin Wednesday, September 6 at 9:00am and if necessary, again on Thursday, September 7 at 9:00am in the Creative Living Center. Exhibitors and the general public are invited to hear the judges' comments during judging. All pickles, relishes, jellies, jams, preserves, marmalades, conserves, butters, syrups, and dried foods will be opened and tasted, but all exhibits may be opened by the judges.
4. The Junior Divisions are open to youth 17 years of age or younger.
5. All home preserved products must be made from scratch and have been processed by the exhibitor since the 2022 Fair to be eligible. Entries must be entered in the name of the person who processed the product. **Exhibitor may have only one entry per class.**
6. For ALL divisions, use clear standard colorless canning jars such as Ball, Kerr, Mason, etc. **with new metal screw bands left on.** Salad dressing jars or similar jars will not be accepted. Do not use paraffin in any division. No quarter pint jars allowed. Jar sizes vary – check each division for exceptions
7. All entries, when received, must be accompanied by a written label. **Scotch tape the label on the smooth side of the jar, 1/2" from bottom.** Labels are printed on the last page of this handbook or may be picked up at the Fair Administrative Offices.
8. **Source of information, processing method, pounds of pressure, processing time, altitude, and date processed are required and are to be written accurately on all labels.** Remember, most of Iowa and Nebraska and all of Minnesota and South Dakota have altitudes over 1,000 ft, so adjust processing times and canner pressure accordingly! Abbreviations are: Boiling Water Bath = BWB; Dial Gauge Pressure = DP; Weighted Gauge Pressure = WP. For example, the label of a pint jar of pears would have BWB-25 min., or DP-6#-10 min., or WP-10#-10 min.
9. Judging is based on current USDA approved processing methods, times, and altitudes; headspace, pack, uniformity of pieces, appearance of the product, liquid, and cleanliness of the jar and band. Guidelines vary for each product.

10. **All canned and dried products must be processed in compliance with the current USDA guidelines for safe canning and drying.** *The Ball Blue Book is no longer an acceptable resource.* Please look to the following resources for home food preservation:

DRIED FOODS

Fruits are usually dried until they are leathery, yet pliable. Vegetables are adequately dried when they are brittle or crisp. Herbs are easily dried by exposing the leaves, flowers or seeds to warm, dry air in a well-ventilated area, but out of the sun. Fruit leathers are homemade fruit rolls that can be made with leftover fruit pulp from making jelly or by using fresh, frozen or drained canned fruit.

Enter food in clear, standard pint and half-pint canning jars with new rings and lids. Fill jars 3/4 full in properly labeled jars. Jars for dried foods do not need to be vacuum sealed. Judging is based on uniformity in size and shape of neatly cut pieces, color and flavor (should be similar to fresh product), texture, and cleanliness. There should be no visible moisture, no foreign matter, no mold. No meats will be accepted.

DIVISION 900 - ADULTS - DRIED FOODS

DIVISION 905 - JUNIORS - DRIED FOODS

Classes 4, 9 and 10 may be put in half-pint jars because of their small size.
